

EXISTING – (CHAPTER 112 – PARKING):

§112-5. Determination of Council; issuance of permits.

G. All parking on Town sheets and beach ends, including handicapped spaces, require permits from May 15 through September 15. Such permit shall be visually displayed hanging from the rearview mirror in the vehicle so that it is able to be readily seen from the street. Duplications or reproductions of such permits are not valid. The fees for such permits shall be as set by resolution of the Town Council from time to time.

§ 112-6. Parking for handicapped persons.

A. No person shall park, stop or stand a vehicle at any time upon any of the streets or parts of streets designated in § 112-7, except a vehicle for which a special plate has been issued pursuant to 21 Del. C. § 2134 or for which an authorized identification card has been issued by the Director of the Division of Motor Vehicles and displayed in the front window of such vehicle. **Any vehicle operated by a handicapped person and for which a special plate or authorized identification tag has been issued shall be permitted to park 90 minutes longer than the legal parking period unless such vehicle is clearly a traffic hazard.**

B. Handicapped parking and signage for persons with disabilities:...

(4) For purposes of this section, "conspicuously marked" means that a vertical sign has bean placed at an approximate height of at least five feet but no more than seven feet when measured from the surface directly below the sign to the top of the sign for each parking space or zone. The sign shall comply with federal specifications for the identification of a parking zone or space of persons with disabilities which limit or impair ability to walk. A sign at least 12 inches wide (horizontal) by 18 inches tall (vertical) that includes the internationally recognized wheelchair symbol of access shall be required for each parking space or zone for persons with disabilities which limit or impair the ability to walk. These requirements may not be constructed to preclude additional markings, such as the international wheelchair symbol or a striped extension area painted on the space or zone, or a tow-away warning sign.
